FLEX MULTI SPLIT AIR CONDITIONERS DUAL ZONE

Dual Zone Flex Multi System
Combined 18,000
to 24,000 BTUs

These Split Systems operate two interior units that are mounted in separate rooms. Each indoor unit comes with its own remote control, allowing you to set the temperature individually in different rooms. These units are connected to a single exterior unit.

The 9,000 and 12,000 BTU Indoor Units can be combined to achieve between 18,000 and 24,000 BTU's of Heating and Cooling. The interior units are available in a variety of styles including the Art Cool and Standard Models. They are available in Straight Cool or Heat and Cool.
